

Leaving a Legacy

We are very grateful that you have chosen to leave a gift to The Conservation Volunteers in your Will.

Our promise is that we will invest your legacy to ensure that we can continue to create healthier and happier communities for everyone - communities where our activities have a lasting impact on people's health, prospects and green spaces.

By choosing to leave even a small legacy to TCV in your will, know that together we can make a real and lasting difference.

How your legacy could help

£500	£1,000	£10,000
£500 could build a pond dipping platform and provide support and guidance to set children on a wildlife adventure that could last a lifetime.	£1,000 could pay for volunteers to build and maintain otter holts that will give this endangered mammal a new lease of life.	£10,000 could enable volunteers to plant thousands of native oak trees creating new wildlife habitats and improving the air that we breathe.

Yes, I want to help share my love for the great outdoors with communities across the country.

- I have already mentioned The Conservation Volunteers in my Will and would like a tree to be planted to celebrate my bequest.
- I would like to leave a legacy to The Conservation Volunteers, and for a tree to be planted to mark my pledge. Please send me your free TCV Guide to Leaving a Legacy.
- I am considering leaving a legacy to The Conservation Volunteers and would like to discuss this with someone.
