

Explore Lochshore!

Make a Christmas Star

You will need:

- 5 sticks of the same length
- String or ribbon

Step 1: Go out for a walk and collect 5 straight sticks - they should all be about the same length

Step 2: Leave the sticks to dry near a radiator

Step 3: Cut five lengths of ribbon or string about 10cm long

Step 4: Arrange the sticks into a star shape and tie a piece of string/ribbon around each point of the star where two sticks meet. Either trim the ends of the ribbon short or leave as a bow. You might need to ask someone to help hold the sticks while you tie the bows

Step 5: Cut a longer length of string or ribbon and tie to one point of the star to hang it up

Top Tip...

Collect different length sticks to make different sized stars. Hang a large star on your front door like a wreath or hang a small star on your Christmas tree!
